Secretary of War Lamont's Name Not on the Registry List.

Asters, Goulds and Vanderbilts in the Same Bont.

An examination of the registry lists shows that a good many men who have been prominent at one time or another not taken interest enough in this cam-

know this because it was given out and printed in large black type that Secretary Lamont came here one day especially for the purpose of enrolling him name as a voter, and that after having N. Y. A. C. expects to do as good as 25 to 2

but because Secretary Lamont's supposed registration was calculated to slimulate in others a purpose to do the same.

Secretary Lamont, when in the city, lives at 238 West Seventy-third street, which is in the third election district of the Twenty-third Assembly District. Secretary Lamont's name is not printed in the official registry list from there.

Ex-Mayor Hugh J. Grant lives in the same block with Secretary Lamont. He is registered. All the ex-Mayors are registered—Edson, Cooper, Hewitt—except William R. Grace, who was the recognized head and front of the Anti-Snapper revolt in this city. Mr. Grace wrote a letter indorsing the candidacy of Ashbel P. Flich for Comptroller, but he cannot give Mr. Flich his vote. All he contributes to Mr. Flich's success is his sentiments. There is only one person registered from it East Seventy-ninth street, Mr. Grace's residence, and his name is not William R. Grace.

Gen. Wager Swayne presided at the Cooper Union meeting, at which Comptroller Myers was nominated. At that meeting every citizen was urged to register and vote. Gen. Swayne himself did not do so, however. He probably lost interest in the campaign after the independent movement failed. Gen. Swayne lives at 12 Grammercy Park. No one is registered from that house. Maurice J. Power, United States Shipping Commissioner, and leader of the once-powerful County Democracy, is another who did not register.

Neither did any of the Astors, Goulds or Vanderbilts take the trouble to entroll himself among the qualified electors. The late Jay Gould seldom missed an opportunity to exercise the privileges of citizenship on election day, and George J. and Edwin Gould followed the good example of their father.

The political apathy of the millionaires is to politicians a mystery. The absence of the names of any of the Vanderbilts is considered all the more surprising in view of the recent action of Fred W. Vanderbilt, who called attention to the fact through a newspaper that his name had been omitted from the list of Vice-Preside

spicuous by his absence of registry. George Vanderbilt is said not to be

the city.

The name of Astor does not adorn the pell lists. William Waldorf Astor is taken up his residence in Europe, hely young John Jacob Astor-well, he will be to be a store. The control of the city of the control of the city of the control of the city of the cit

in the registered. His prother in the citizen. He registered to vote. He has all Sage is entitled to vote. He was one of the first to have his name recorded in his election district in the Twenty-first Assembly District.

William C. Whitney will have an opportunity to vote against himself, if he is still anxious to be defeated for delegate to the Constitutional Convention. Mr. Whitney and his brother-in-law, Oliver when are registered. So is Million-

American Theatrical Exchange, stated that he received a despatch from Miss Coghlan from St. Louis to immediately engage Mr. De Belleville for the parts her brother was then playing. In compliance with this, Mr. McConnell engaged the actor within an hour, and he will 'tart to-night for Cleveland, and meet the company Sunday.

Mr. McConnell could not state the reason for Mr. Coghlan's withdrawal from the organization, but presumed his recent marriage with Miss Kuchne Beveridge had something to do with it.

Anti-Snappers Who Cannot Vote Yale to Play N. Y. A. C. Eleven Kings County Grand Jury Makes in This City Next Tuesday.

> Xayler Club Governors Adopt New Management.

Next Tuesday, at Manhattan Field, the New York Athletic Club football team will line up against the Yale University eleven. This will be the first metropolitan appearance of Yale this season, Harvard will have been here by that time so those people who labor under the delusion that the size of the scores in these preliminary games is a good line to go by will have some idea as to as Mugwumps or Anti-Snappers have how to bet their money on the Springfield game.

There is a scarcity of Pennsylvania money in this city. Pennsylvania and Princeton play at Manheim to-morrow and then perhaps the Quakers will show some substantial evidence of faith in their team. In some instances Pennsylvania men have been asking odds of 2 to 1.

The new Board of Governors of the Xavier Club has adopted a new management. Each member of the Board has charge of some special department, and he is empowered to appoint his own committee to assist him. As each man is Chairman of his own committee he is able, when he takes his seat on the Board, to report just what is going on. A member of the Club says that it is now thought there will be no difficulty in meeting the \$1,500 interest due on mortgages in January next.

The gymnastic department of the Club is prospering. Mike Sweeney, the champlon high jumper is training the class, which is larger than ever before. Several exhibitions are to be given during the season.

The latest story in the Mitchell-Corbett matter is that the President of the Olympic Club has telegraphed Manager Brady that he has forwarded articles of agreement to be signed. The articles call for a \$20,000 purse. In this connection it is interesting to hear what expresident Genslinger, of the Olympic Club, has to say. Club, has to say.

The reason they don't want it is that they are opposed to tak-ing a fight that has been driven away from somewhere else. That's a pecu-liarity of the people. It was the same way when Hall and Fitzsimmons were stooned at St. Pauli. They tried to bring way when Hall and Fitzsimmons were stopped at St. Paul.
